

First Unitarian Universalist Church of Austin

Signing Up to Make a Difference in Our RE Department:

Below are just some of the volunteer opportunities you can sign-up for to make a difference in the lives of our children and youth:

Join a Sunday RE Class! In order to support our lead teachers in each classroom, parents are expected to assist in their child or youth's class. It's a wonderful opportunity to become acquainted with our wonderful curriculum and our caring staff. Training will be provided.

Be a Substitute Lead Teacher! Be ready to lead a class in the event a lead teacher has to be out. Training will be provided.

Assist with Classroom set-up! We recognize that you may want to help out the RE classrooms without helping out in the RE classrooms. We need people to help us set up the classrooms in-between services for 10-15 minutes at a time. Training will be provided.

Sign-up for a special event! The RE Department needs people to help out in coordinating and running special events. We need volunteers to help prep before events, run activities during events, donate items and decorations to our events, and help clean up after events.

Join the Children and Youth Programming Committee (CYPC)! The CYPC works closely with the IDLRE and the RE staff to choose curriculum, plan special events, and ensure the safety of all registered RE families. If you would like your voice to be heard and you love being in-the-know, this is the place for you!

Volunteer in the RE Office! We need volunteers to help us organize our RE Library, file, bind curriculum, and keep our supplies organized. Training will be provided.

We encourage all parents and adults to actively participate in our program.

Please contact the Assistant to the IDLRE, Beth Cortez-Neavel, at beth@austinuu.org for more information.
